## ACS-M11

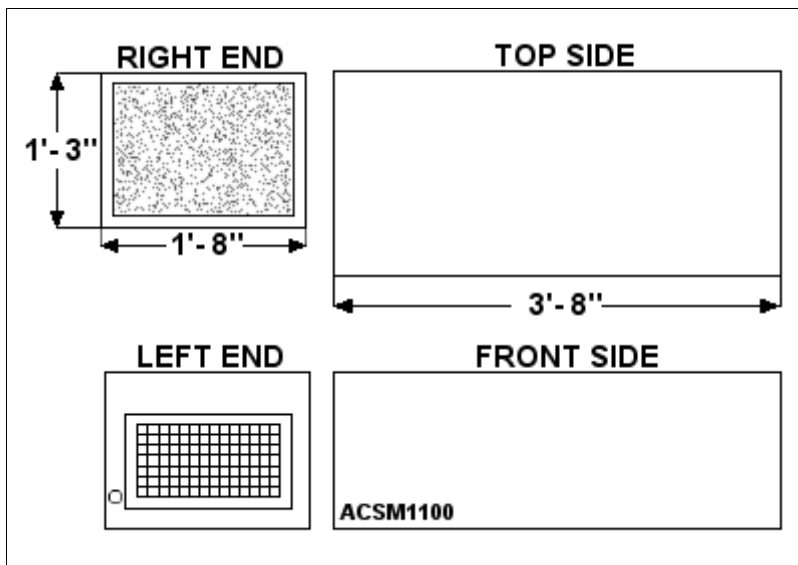

### 1100 CFM Media Filtration System With 1/3 HP Direct Drive Fan

ACS Model M11

Clean air for offices, meeting rooms, bowling centers, cocktail lounges, bingo halls, clubs, computer rooms and more. Utilizing only the high test quality components housed in a heavy-duty 16 gauge steel cabinet and finished with chemical resistant paint, each unit is a self-contained system for use individually or in groups. Low initial price and daily operational and maintenance costs are far less than more expensive electrostatic air cleaners making our ACSM11 system a bargain for any size installation. Request an individual spec sheet for this unit.

SPECIFICATIONS		MAIN FILTERS OPTIONS		Features	Applications
Dimensions	20" W 15" H 44" L	15 x 20 x 12	95% - 6 Pocket	Easy Installation	Tobacco Smoke
Weight	80 lbs.	15 x 20 x 24	95% - 6 Pocket	High Efficiency	Pollen
Input Power	115 Volt 1 Ph.	12 x 18 x 12	99.97% HEPA	4-Way Louvers	Dust
Power Consumed	500 Watts	<a href="http://aircleaningsystems.net">aircleaningsystems.net</a>		Long Filter Life	Lint
Maximum Capacity	1100 CFM	<b>PRE-FILTERS / AFTER-FILTERS OPTIONS</b>		Low Operating Costs	Odor Control
Motor	1/3 HP Direct Drive	15 X 20 X 1	Foam pre-filter - Washable	High Volume	Printing Powder
Cabinet	16 Gauge Steel	15 x 20 x 1	Alum Mesh Pre-filter - Washable	Easy Maintenance	Plastic Dust
Finish	Blue Baked Powder	15 x 20 x 2	Charcoal After-filter - 50% bypass	16 Gauge Cabinet	Other Smoke / Dust
Speed Control	Variable Controller			Noise Reduction	
Filters	65% to 99.97%			Low Initial Price	
Blower	Centrifugal type			Washable Pre-filters	

OPTIONS
Silencer: Reduces noise by 6 - 8 Decibels
Charcoal: 18 lb. box for refill
L Brackets: M-11 Mounting Brackets (set of 2)
Eyebolts: Eyebolts installed
Mounting Kit: Chain & Eyebolts
Spray Can: Touch-up Paint
Pressure Gauge: Magnehelic Pressure Gauge

**HOW THE ACSM11 WORKS**

A large centrifugal type blower draws the contaminated air from the room through a set of highly efficient micro-glass filters that separate the sub-micron particles from the air stream.

The cleaned air is then discharged back into the room for reuse. No ductwork is required, and there is no loss of neither heat or air conditioning.

Optional charcoal filters are available for odor control and a HEPA type filter is available for those areas which demand the ultimate in clean air.

A number of filters are available for specific problems.

### INSTALLATION

Installation of your new ACSM11 may be accomplished in a variety of ways. The ACSM11 is designed for chain-hanging, rod-mounting, or a wall bracket installation to suit your individual application.

The ACSM11 operates on ordinary 115 Volt circuits and requires no special wiring.
